School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

West Fresno Elementary School creates a passion for lifelong learning and empowers students to value self, others, and the world.

West Fresno Elementary School is located in a diverse, rural area west of Fresno, California. We are dedicated to implementing research based best practices, and centering our culture with a positive climate. Our students continue to improve academically. In addition, we offer numerous opportunities for our students to learn the necessary social skills to become caring, respectful, and motivated members of our society. West Fresno Elementary School also embraces the district goals of providing the highest level of student achievement, a safe learning environment, and effective and efficient operations. In addition, the West Fresno Staff supports the district's vision to ensure that each student will master the academic know ledge and skills, habits of mind, and qualities of character necessary to succeed in high school, college, and the competitive world beyond.

We are a Professional Learning Community model that promotes effective teaching strategies across all curriculum and implementation of school wide intervention programs that support student academic growth. Our new vision embraces West Fresno Elementary School as a place that ensures that all students are proficient or advanced in core academics. We promote a rigorous curricula, a safe environment, student self responsibility, and up to date technology. This allows our students to become 21st century citizens.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

General Information:

The district makes every effort to ensure that all schools are clean, safe, and functional. In October of 2016, Assistant Superintendent and Head of Grounds Department performed a walk-through of the front office landscape area and are working to improve the growth of grass in the surrounding area. Sprinklers were repaired and barriers were put in place to keep the grass free of foot traffic. Custodial staff has clear expectations for campus cleanliness, which include classrooms, fence lines, playground areas, and the perimeter of the campus.

Age of School Buildings: The elementary school houses grades TK-5. Portable classrooms have been added to our existing classrooms, which were built in 1953. The school has an administration office, a library, computer center, and classrooms. Kindergarten classrooms have their own playground which was installed in 1998 and modernized in 2011. The first, second, third, fourth, and fifth graders have playground equipment. There is an asphalt playground that is over 5,400 square feet for upper grade use.. The large parking lot was modernized in a project in 2000. It includes flowerbeds, trees, and sprinklers. All the classrooms were modernized beginning 1999-2002. The walls, floors, ceilings, and cabinets were installed over a three-year period; new roofs and canopies were done as a part of modernization and deferred maintenance hardship; in addition to the roofs, the rooms were furnished with air conditioning and heating.

Maintenance and Repair: The maintenance shop is on the south side of the elementary campus. The maintenance and operations department is in a 2,240 square-foot building, built in 1997. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

	5	13	13	100.0	

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parent involvement and communication are essential to our school success. Parents have many opportunities to provide input and be engaged in their child's education. They are encouraged to serve on advisory committees and leadership teams, such as the English Learners Advisory Council (ELAC), School Site Council (SSC) and Migrant Advisory Committee, as well as participate in the School's Parents' Club. West Fresno Elementary School continually strives to involve parents by exchanging information that helps parents understand and support school programs and by providing opportunities for parent participation in school activities. Home and school communication is enhanced through the student/parent handbook, the school website, student report cards, Blackboard Connect phone calls and other regular communication activities. Translation is regularly provided for written and in-person communication. In addition, two Parent/Teacher conferences are held (Fall and Spring) to further promote our dedication to creating effective communications between our teachers and parents.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State

School Safety Plan (School Year 2016-17)

Safety of students and staff is a primary concern of West Fresno Elementary School. Before, during, and after school, responsibility for monitoring the campus is shared by instructional support staff and certificated staff. All visitors must sign in at the office and wear appropriate identification while on campus. We have a closed campus; students are not allowed off campus during the school day. The comprehensive school safety plan is updated annually and goals are revisited and revised as needed. The safety plan is designed to assist in preparing for emergencies, managing emergency response efforts, and maintaining a safe school environment. The plan requires identification of security needs, development of prevention and intervention techniques, evaluation of physical facilities, and communication with staff and students.

Components of the plan include: child abuse reporting procedures, procedures for teacher notification of dangerous pupils, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policies, and suspension and expulsion policies. The safety plan is reviewed annually, updated as needed, and fully compliant with federal and state regulations. The plan includes procedures for emergencies, exit routes, and inventories of emergency supplies. We make the plan available on our school Web site and keep copies in the office for parents. We share the plan with all staff during a school wide staff meeting. We practice fire drills monthly and conducted an Earthquake Drill (The Great California Shake Out) on October 20, 2016. In addition, WUSD held an "active shooter" training for all employees on October 5, 2016 and October 26, 2016 provided by Fresno County Sheriff's Department. An updated copy is available to the public at the school office.

Professional Development (Most Recent Three Years)

Professional development at West Fresno Elementary School is designed to meet the individual needs of teachers as well as broader school concerns. It is designed to assist staff members in refining existing skills and learning new skills to achieve district and state accountability goals. The professional development program is ongoing and clearly reflects the vision and mission of our school. Our Administration team, grade level leads, and teachers are committed to the ongoing practices of a Professional Learning Community Model. Our teachers analyze assessment data and student work to ensure accurate reflections of student academic growth. This information is in turn utilized to infuse learning strategies, lesson design, and best teaching and student engagement practices to increase levels of student proficiency.

Current Professional Development opportunities include Kagan Cooperative Learning Structures, Lesson Design and Delivery with emphasis on student engagement strategies (T4 Learning), English Language Development Strategies provided by Tulare County Office of Education, and Guided Reading for primary grade levels . Our teachers also provide each other with numerous teaching strategies and focused professional development in areas such writing skills, creating Constructed Responses for SBAC, and graphic organizers. In addition, our Directors of Curriculum, Instruction, and Assessment have facilitated district-wide trainings in Mathematical Mindsets, Units of Study, SBAC Line of Sight Curriculum, and Professional Learning Community Facilitation.
