## School Accountability Report Card

### Reported Using Data from the 2017-18 School Year

#### Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Facility Conditions and Planned Improvements (Most Recent Year)

#### General Information:

**Age of School Buildings:** The elementary school houses grades TK-5. Portable classrooms have been added to our existing classrooms, which were built in 1953. The school has an administration office, a library, computer center, and classrooms. Kindergarten classrooms have their own playground which was installed in 1998 and modernized in 2011. The first, second, third, fourth, and fifth graders have playground equipment. There is an asphalt playground that is over 5,400 square feet for upper grade use.. The large parking lot was modernized in a project in 2000. It includes flowerbeds, trees, and sprinklers. All the classrooms were modernized beginning 1999-2002. The walls, floors, ceilings, and cabinets were installed over a three-year period; new roofs and canopies were done as a part of modernization and deferred maintenance hardship; in addition to the roofs, the rooms were furnished with air conditioning and heating. In 2018, campus restrooms and exterior surfaces underwent modernization.

**Maintenance and Repair:** The maintenance shop is on the south side of the elementary campus. The maintenance and operations department is in a 2,240 square-foot building, built in 1997. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
<b>English Language Arts/Literacy (grades 3-8 and 11)</b>	30.0	29.0	35.0	36.0	48.0	50.0
<b>Mathematics (grades 3-8 and 11)</b>	30.0	24.0	22.0	21.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2018-19)

Parent involvement and communication are essential to our school success. Parents have many opportunities to provide input and be engaged in their child's education. They are encouraged to serve on advisory committees and leadership teams; such as: the English Learners Advisory Council (ELAC), School Site Council (SSC) and Migrant Advisory Committee, as well as participate in the School's Parents' Club. West Fresno Elementary School continually strives to involve parents by exchanging information that helps parents understand and support school programs and by providing opportunities for parent participation in school activities. Home and school communication is enhanced through the student/parent handbook, the school website, student report cards, robocalls and other regular communication activities. Translation is regularly provided for written and in-person communication. In addition, two Parent/Teacher conferences are held (Fall and Spring) to further promote our dedication to creating effective communications between our teachers and parents. Parent classes are also offered throughout the year such as: Parent University and English classes.

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

### School Safety Plan (School Year 2018-19)

Safety of students and staff is a primary concern of West Fresno Elementary School. Before, during, and after school, responsibility for monitoring the campus is shared by instructional support staff and certificated staff. All visitors must sign in at the office and wear appropriate identification while on campus. We have a closed campus; students are not allowed off campus during the school day. The comprehensive school safety plan is updated annually and goals are revisited and revised as needed. The safety plan is designed to assist in preparing for emergencies, managing emergency response efforts, and maintaining a safe school environment. The plan requires identification of security needs, development of prevention and intervention techniques, evaluation of physical facilities, and communication with staff and students.

Components of the plan include: child abuse reporting procedures, procedures for teacher notification of dangerous pupils, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policies, and suspension and expulsion policies. The safety plan is reviewed annually, updated as needed, and fully compliant with federal and state regulations. The plan includes procedures for emergencies, exit routes, and inventories of emergency supplies. We make the plan available on our school Web site and keep copies in the office for parents. We share the plan with all staff during a school wide staff meeting. We practice fire drills monthly and conducted an Earthquake Drill (The Great California Shake Out). An updated copy is available to the public at the school office.

## Professional Development (Most Recent Three Years)

---

Professional development at West Fresno Elementary is designed to meet the individual needs of teachers as well as broader school concerns. It is designed to assist staff members in refining existing skills and learning new skills to achieve district and state accountability goals. The professional development program is ongoing and clearly reflects the vision and mission of our school. Our Administration team, grade level leads, and teachers are committed to the ongoing practices of a Professional Learning Community (PLC) Model. Our Teachers analyze assessment data and student work to ensure accurate reflections of student academic growth. This information is in turn utilized to infuse learning strategies, lesson design, and best teaching and student engagement practices to increase levels of student proficiency.

West Fresno has 2 hours of PLC time per week embedded in the master schedule for teachers. Also required are three days of district and site professional development prior to the start of the school year and four days of optional professional development offered each summer. Teachers are paid for their participation. Topics for these sessions are selected based on greatest areas of needs outlined in the LCAP using data from the dashboard and other local indicators.

Academic Coaching is also offered to teachers at West Fresno. Two coaches share their time between the four district sites. Areas of coaching focus are: classroom management for new teachers, math lesson engagement, and lesson design and delivery for all subjects.

Current Professional Development opportunities include Kagan Cooperative Learning Structures, Lesson Design and Delivery with emphasis on student engagement strategies (T4 Learning), Eureka Math, Guided Reading provided by Fresno County Superintendent of Schools, and English Language Development also provided by FCSS. Our teachers also provide each other with numerous teaching strategies and focused professional development in areas such writing skills, creating Constructed Responses for SBAC, and graphic organizers. In addition, our Director of Curriculum, Instruction, and Assessment has facilitated district-wide trainings in Mathematical Mindsets, Units of Study, Illuminate, Instructional Technology, and Professional Learning Community Facilitation.
