1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

Continuing to build upon last year's investments in arts education, equipment and staffing, Washington Unified is committed to expanding arts programming. Washington Unified School District (WUSD) has a comprehensive Preschool - 12 Arts program throughout the district. With Proposition 28 funding WUSD is maintaining four certificated teachers throughout the district to ensure dedicated comprehensive TK-12 Arts programs to serve the students of WUSD. The certificated staff's focus continues on creation of theatre program and ensuring a robust A-G elective course offering is available to the students at Washington Union High School. In addition, WUSD has a middle school teacher, and a TK-5th grade teacher for our elementary and middle school art programs. Additional remaining funds are spent to ensure all teachers have enough materials/supplies to offer high-quality standards-based art curriculum throughout the district. The investments in arts and music have broadened program offerings and increased student participation and appreciation for the arts. These efforts reflect Washington Unified's commitment to the use of Prop 28 funds to build sustainable, inclusive programming that honors the district's diverse student population. The future focus is on growing and maintaining current staffing and art and music offerings to students.
