## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

West Fresno Elementary School creates a passion for lifelong learning and empowers students to value self, others, and the world. Safety, learning, and the well being of all students and staff is priority at our site.

The school is located in a diverse, rural area west of Fresno, California. We are dedicated to implementing research based best practices and a rigorous instruction that targets the common core state standards. Whether our instruction be virtual or in person, we foster a supportive environment that is comfortable and enables students to reach their maximum academic potential. In addition, we offer numerous opportunities for students to learn the necessary social skills to become caring, respectful, and motivated members of our society. At West Fresno Elementary we also embrace the WUSD Core 6, which are the district's core values, and propel students to become well rounded individuals. The West Fresno Staff supports the district's vision to ensure that each student will master the academic knowledge and skills, habits of mind, and qualities of character necessary to succeed in high school, college, and the competitive world beyond.

Together, we are a Professional Learning Community that promotes effective and rigorous instruction, appropriate assessments, data analysis, and parent educational opportunities. We provide students academic and social emotional interventions that further increase student growth and achievement. Our vision embraces our school as a place that ensures that all students will engage in collaboration, communication, critical thinking, and positive relationships. We promote respect, responsibility, and safety among all partners in the education of our students.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	
<b>Intern Credential Holders Properly Assigned</b>	
<b>Teachers Without Credentials and Misassignments (“ineffective” under ESSA)</b>	
<b>Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)</b>	
<b>Unknown</b>	
<b>Total Teaching Positions</b>	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2019-20 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

## School Facility Conditions and Planned Improvements

### General Information:

Age of School Buildings: The elementary school houses grades TK-5. Portable classrooms have been added to our existing classrooms, which were built in 1953. The school has an administration office, library, cafeteria, and classrooms. Kindergarten classrooms have their own playground which was installed in 1998 and modernized in 2011. The first, second, third, fourth, and fifth graders also have designated equipment and a playground. The play area is an asphalt playground that is over 5,400 square feet for upper grade use. The large parking lot was modernized in a project in 2000. It includes flowerbeds, trees, and sprinklers. All the classrooms were modernized during 1999-2002. The walls, floors, ceilings, and cabinets were installed over a three-year period; new roofs and canopies were done as a part of modernization and deferred maintenance hardship. In addition to the roofs, the classrooms were furnished with air conditioning and heating. In 2018, campus restrooms and exterior surfaces underwent modernization.

Maintenance and Repair: The maintenance shop is on the south side of the elementary campus. The maintenance and operations department is in a 2,240 square-foot building, built in 1997. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An online tech/repair ticket system is used for optimal effectiveness and time efficiency.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Parent involvement and communication are essential to our school success. Whether students are working online or in person this school year, parents have many opportunities to provide input and be engaged in their child's education. Parents are encouraged to serve on advisory committees and leadership teams such as: the English Learners Advisory Council (ELAC), School Site Council (SSC), and Migrant Advisory Committee. Parent educational sessions are also offered throughout the year via Coffee With the Principal/Parent Connect meetings. Due to Covid-19 safety, some parent meetings have been conducted online this year. West Fresno Elementary School continually strives to involve parents by exchanging information that helps parents understand and support school programs and by providing opportunities for parent participation in school activities. Home and school communication is enhanced through the student/parent handbook, the school website, student report cards, robocalls and other regular communication activities. Translation is regularly provided for written and in-person communication. In addition, two Parent/Teacher conferences are held (Fall and Spring) to further promote our dedication to creating effective communications between our teachers and parents.

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
<b>Suspensions</b>	2.94	0.15	6.77	0.36	3.47	0.20
<b>Expulsions</b>	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

Safety of students and staff is always at the forefront at West Fresno Elementary School. Before, during, and after school, responsibility for monitoring the campus is shared by management, certificated, and support staff. All visitors must sign in at the office and wear appropriate identification while on campus. In addition, due to the pandemic, all visitors must self monitor their health status before admittance onto the campus. Covid-19 tests are voluntary and readily available at the school site for parents and staff. When school is in session, we have a closed campus; students are not allowed off campus during the school day.

The School Safety Plan is designed to assist in preparing for emergencies, managing emergency response efforts, and maintaining a safe school environment. The plan requires identification of security needs, development of prevention and intervention techniques, evaluation of physical facilities, and communication with staff and students. Components of the plan include: child abuse reporting procedures, procedures for teacher notification of dangerous pupils, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policies, and suspension and expulsion policies. The plan also includes procedures for exit routes and inventories of emergency supplies. At the school site, fire and lock down drills are practiced and documented monthly. Safety items are discussed at the monthly staff meetings. The safety plan is reviewed annually, updated as needed, and fully compliant with federal and state regulations. It was last reviewed and approved by our SSC/ELAC committees on October 28, 2021. We make the plan available on our school website and keep copies in the office for parents.

## Professional Development

Professional development at West Fresno Elementary is designed to meet the individual needs of teachers, as well as requests for training by grade level teams. Professional development sessions are designed to assist staff members in refining existing skills and learning new skills to achieve district and state accountability goals. The professional development program is ongoing and clearly reflects the vision and mission of our school. The administration team, grade level leads, and teachers are committed to the ongoing practices of a Professional Learning Community (PLC) Model. Teachers analyze assessment data and student work to ensure continual academic growth. The data analysis information is utilized to infuse learning strategies, lesson design, and student engagement practices in order to increase levels of student proficiency.

West Fresno has two hours of PLC time per week embedded in the master schedule for teachers. Also required are three days of district and site professional development prior to the start of the school year and four days of optional professional development offered each summer. Teachers are paid for participation in the optional trainings. Topics for these sessions are selected based on greatest areas of need outlined in the LCAP/SPSA/Learning Continuity Plan using data from the dashboard and other local indicators.

Academic Coaching is also offered to teachers at West Fresno. Two coaches share their time between the four district sites. Content areas for coaching are: Classroom management for new teachers, math lesson engagement, and lesson design and delivery for all subjects. ELD and guided reading have been major focus areas this year in an effort to support student literacy at all levels.

Current Professional Development opportunities include Technology Enhanced Learning, Lesson Design and Delivery with emphasis on student engagement strategies, Eureka Math, Guided Reading provided by Fresno County Superintendent of Schools, and English Language Development provided by The English Learner Group. Our teachers collaborate on a daily basis and share numerous teaching strategies. Additionally, teachers participate in focused professional development in areas such writing skills and calibration, graphic organizers, and SBAC constructed response. To date, our school site has offered targeted professional development in Data Analysis, Parent Engagement, Assessment, Student Engagement, Learning Objectives, Scheduling, Positive Behavior Interventions, and Peer Observations.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
