### **WUSD CORE 6**

It is the goal of the Washington Unified School District that each day every student is given access to an excellent educational experience. To define for our parents, staff, and students exactly what our students will achieve, Washington Unified' leadership developed the Core 6, and has been working to ensure that it becomes a reality for all students.

The Core 6 synthesizes the District's Core Values and Goals and State LCAP Focus Areas in an attempt to create a well-rounded educational experience for WUSD students. The Core 6 focuses on six fundamental commitments to students:

1. **Students will experience positive relationships.**
2. **Students will use a standards-based curriculum.**
3. **Students will engage in collaboration, communication, critical thinking, and creating evidence of mastery.**
4. **Students will read and produce writing.**
5. **Students will use technology.**
6. **EL students will receive differentiation.**

First, students will experience positive relationships. It is the belief of Washington Unified School District that students will thrive in safe supportive environments. Every staff member is committed to maintaining positive relationships with students and their families.

It is also imperative that students use a standards-based curriculum and that students will engage in collaboration, communication, critical thinking, and creating evidence of mastery. These 21st century skills will prepare our students to achieve their goals of college and career.

WUSD is committed to ensuring that students will read and produce writing and that students will use technology so that they will thrive in today's global society. Site literacy and technology initiatives are helping to ensure that all WUSD students can read at grade level and write clearly and effectively. Finally, in all of our schools, EL students will receive differentiation to ensure that every student is successful.

By defining the Core 6, WUSD hopes to promote a strong focus in these areas so that students will be prepared for college and career.

The notification shall also include an explanation of the existing statutory attendance options including, but not limited to those under Education Code Sections 35160.5, 46600 and 48204 (b).

### **Residency • Education Code §§ 48200, 48204**

A minor between the ages of 6 and 18 years is subject to compulsory education and, unless exempted, must enroll in school in the school district in which the residence of the parent/guardian is located.

A student may alternatively comply with the residency requirements for school attendance in a school district, if he/she is placed in a foster home or licensed children's institution within the boundaries of the school district pursuant to a commitment or placement under the Welfare and Institutions Code; an emancipated student who resides within the boundaries of the school district; a student who lives in the home of a caregiving adult that is located within the boundaries of the school district; or a student residing in a state hospital located within the boundaries of the school district.

Parents may apply for enrollment of their child in a school district in which the parent is employed, and where the parent and child live at the parent's place of employment for a minimum of 3 days during the school week.

Attached is a copy of the district's residency policy and regulation.

### **Migratory Children – Residency • Education Code § 48204.7**

Currently migratory children, who are enrolled in a school district due to a parent's or immediate family member's temporary or seasonal employment in an agricultural or fishing activity, as defined by Education Code section 54441, must be allowed to continue in their schools of origin, regardless of any change of residence during that school year, for the duration of their status as migratory children. When a student's status as a migratory child change during the school year, the school district must: (1) allow K-8th graders to continue in their schools of origin for the remainder of that school year; and (2) allow 9-12th graders to continue in their schools of origin through graduation. Migratory children and their parents/guardians must be informed of the impact that remaining in their schools of origin will have on their eligibility to receive migrant education services.

### **Residency Retention for the Students of Detained or Deported Parents • Education Code § 48204.4**

Students retain residency in a school district, regardless of the students' current residency, when both of the following requirements are met:

1. The student's parent or guardian has departed California against his or her will, and the student can provide official documentation evidencing the departure; and
2. The student moved outside of California because of his or her parent or guardian leaving the state against his or her will, and the student lived in California immediately before moving outside the state. The student must provide evidence of enrollment in a California public school immediately before moving outside the state.

Deported parents may designate another adult to attend school meetings and to serve as an emergency contact. No charges or fees of any kind, as allowed under Education Code section 48050, may be required for admission or attendance in these circumstances. These students will be included in computing ADA for the purpose of obtaining apportionment state funds.

This law applies to parents who are: (1) in the custody of a government agency and are transferred to another state; (2) subject to a lawful removal order and who were removed or were permitted to leave California voluntarily before being removed; and (3) subject to any additional circumstances consistent with these purposes, as determined by the school district.

### **Residency Retention and Matriculation for Students in Active-Duty Military Families • Education Code § 48204.6**

A student living in the household of an active-duty military service member must be allowed to continue attending the student's school of origin for the remainder of the school year if the family moves.

A student from an active-duty military family who is transitioning between school grade levels must be allowed to continue in the school district of origin and in the same attendance area of his/her school of origin. If the student is transitioning to middle school or high school, and the school designated for

matriculation is in another school district, the local educational agency must allow the student to continue to the school designated for matriculation in that school district. The new school must immediately enroll the student, even if the child has outstanding fees, fines, textbooks, or other items or money due to the school last attended or if the student is unable to produce clothing or records normally required for enrollment.

If the parent/guardian's military service ends during the school year, then the student is allowed to stay in his/her school of origin for the remainder of the school year if s/he is in grades 1-8, or through graduation if the student is in high school.

**Interdistrict Attendance • Education Code §§ 46600-46611**

The governing boards of two or more school districts may enter into an agreement, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts. The agreement shall stipulate the terms and conditions under which interdistrict attendance shall be permitted or denied. The agreement may contain standards of reapplication and specify the terms and conditions under which a permit may be revoked. Unless otherwise specified in the agreement, a student will not have to reapply for an interdistrict transfer, and the school board of the district of enrollment must allow the student to continue to attend the school in which he/ she is enrolled. School districts must give priority for interdistrict attendance under any existing interdistrict attendance agreement or give additional consideration for the creation of an interdistrict attendance agreement when the district of residence or the district of proposed enrollment determine that the student has been a victim of bullying. Attached are copies of the district's interdistrict attendance policy and regulation.

**Interdistrict Transfers • Education Code § 35160.5(b)**

Residents of a school district may apply to other schools within the district for their child to attend on a space available basis.

**Open Enrollment • Education Code § 48350 et seq.**

Whenever a child is attending a school on the Open Enrollment List as identified by the Superintendent of Public Instruction, the student may seek to transfer to another school within or outside of the district, if the school to which he/she is transferring has a higher Academic Performance Index (API). Transportation to any other school is the responsibility of the parent/guardian. School districts are allowed to adopt written standards for acceptance and rejection of applications as

long as students are selected through a random and unbiased process. Unless the school board waives the deadline, requests for transfers are to be submitted by January 1 of the prior school year. To apply, parents/guardians must contact the school district to which they seek to transfer their student. Attached are copies of the district's interdistrict open enrollment policy and regulation.

**Victims of Bullying – Transfer Rights • Education Code § 46600**

School districts must approve the request of a bullying victim, as defined, to transfer to another school within the district. If the requested school is at capacity, the school district must accept a request for an alternate site. If **the school district** of residence has only one school available, the school district of residence must honor the student's interdistrict transfer request if the school district of proposed enrollment approves the transfer.

**California Assessment of Student Performance and Progress (CAASPP)**

Each year, students in grades 3rd-8th, and 11th participate in the California Assessment of Student Performance and Progress (CAASPP).

- You can look at sample test questions on the practice tests, which can be found on the CAASPP Web Portal at <http://www.caaspp.org/practice-and-training/index.html>.

**English Language Proficiency Assessments for California (ELPAC) Summative ELPAC**

Identifying students who need help learning English is important so they can get the support they need to do well in English language arts/literacy, mathematics, science, and other subject areas in school. The Summative English Language Proficiency Assessments for California, or “Summative ELPAC or Summative Alternate ELPAC,” are the tests used to measure how well students understand English when it is not the language they speak at home. Information from the ELPAC tells your child's teacher about the areas in which your child needs extra support.

Students in Kindergarten through Grade Twelve who are classified as English learners will take the Summative ELPAC *every year until they are reclassified as proficient in English*. Students are tested on their skills in listening, speaking, reading, and writing. Your child's voice is being recorded as part of the Speaking test. A small percentage of student responses will be used to validate the accuracy of scoring and will not be used for identification. All recorded responses will be destroyed after the scores are validated.

*Your student will be assessed between the dates of: February 1st-May 31st and further communication and details will be sent out by your students' school site.*

Your support is an important part of your child's education. To help your child get ready for the test, you can:

- Encourage your child to try their best, and to understand what it means to reclassify (see attached infographic)
- Have your child take a practice test, which can be found on the ELPAC Web site at: [https://login5.cambiumtds.com/student\\_core/V79/Pages/LoginShell.aspx?c=California\\_P I](https://login5.cambiumtds.com/student_core/V79/Pages/LoginShell.aspx?c=California_P I)

To learn more about the ELPAC, go to the California Department of Education Parent Guides to Understanding web page at: <https://www.cde.ca.gov/ta/tg/ca/parentguidetounderstand.asp>.

If you have any questions about your child taking the ELPAC, please contact your child's school site or Director of Early Literacy and Assessments; Alicia Sanborn at 559-495-5602.

**Student Discipline/Conduct**

**Behavior**

Proper behavior for students is a constant expectation at all school sites. Proper student conduct is essential to make each student's experience at school meaningful, productive, and enjoyable.

The development of proper behavior is a skill that we expect, teach, and continually maintain. We believe that each student must:

- Learn to assume responsibility for his/her own actions.
- Develop an awareness of the impact his/her behavior has on others. Develop the ability to make proper choices.
- Develop the ability to solve problems.
- Develop a sense of respect for self, others, property, and for the laws that govern our school and society.
- Please see section entitled "PBIS" for more information.

**Bullying**

Washington Unified School District does not tolerate bullying of any kind, including cyber-bullying. Students at all Washington Unified schools are expected to treat each other with respect. If any student is being bothered or bullied by someone, report the incident to a school staff member immediately (See Uniform Complaint Procedure)

**Conduct Referrals**

A student may receive a conduct referral for failure to follow school or classroom rules. Parents will be notified if their child's offense(s) is/are serious, continuous, or interrupt the learning and/or safety of others.

**Suspension and Expulsion**

Good classroom control is dependent upon well-planned, interesting programs and instruction, as well as mutual respect between teacher and student. Teaching children to choose proper behavior is best accomplished through positive action rather than punishment or negative reinforcement. Since inappropriate behavior may be a symptom of another problem, we will attempt to determine and

effectively deal with the causes of misbehavior. Sources of assistance for effective classroom management are parents, Principal, Learning Director, Guidance Learning Specialist, Counselor, Psychologist, and/or Special Education Resource Teacher.

Ed Code 48900: A student shall not be suspended from school or recommended for expulsion, unless the superintendent or the principal of the school in which the student is enrolled determines that the student has committed an act as defined pursuant to any of subdivisions (a) to (r), inclusive:

Parents/guardians of currently enrolled or former students have an absolute right to access any and all student records related to their children which are maintained by school districts or private schools. Each school must annually compile a prospectus of the curriculum to include titles, descriptions and instructional goals for every course offered by the school. Student grades, in the absence of clerical or mechanical mistakes, fraud, bad faith or incompetency, are final. If a student grade is challenged, the teacher who issued the grade must be given an opportunity to give the reasons for the grade and to be included in the discussions related to the changing of the grade. No physical education grade may be adversely affected due to the student's failure to wear standardized physical education apparel due to circumstances beyond the student's control. Parents will be notified whenever it becomes evident to the teacher that a student is in danger of failing a course. When a student transfers to another public school, a copy of his/her records must be transferred within 10 schooldays and the parents have a right to request a copy of the records and to request a hearing to challenge the contents of the records. Student

information must be furnished in compliance with a court order or a lawfully issued subpoena. School districts must make a reasonable effort to notify parents before complying with a lawfully issued subpoena or court order. Districts must notify a student's teacher(s), in confidence, if the student has caused or attempted to cause serious bodily injury to another person. The information provided by the teacher(s) will be based on any written records that the district maintains or receives from a law enforcement agency. Attached are copies of the district's student records policy and regulation.

**Directory Information • Education Code §§ 49063(i), 49073**

Parents/guardians shall be notified regarding the district's policy to release directory information on students or former students to officials, organizations or individuals. Written consent of the parent or that of the student, if accorded parental rights, must be obtained before directory information pertaining to a homeless student may be released.

**Military Recruiter Access to Information • 20 USC § 7908**

Federal law requires school districts to provide military recruiters with the same access to secondary school students as is provided generally to post-secondary educational institutions or to prospective employers. School districts will take all reasonable steps to ensure that all parents/guardians of students, who speak a language other than English, are properly notified in English and in their home language of the rights and opportunities available to them.

**Surveys: Disclosure of Personal Information • 20 USC 1232 (h), Education Code § 51513**

Parents/guardians will be notified of the specific or approximate dates when an activity involving the collection, disclosure or use of personal information collected from students for the purpose of marketing or selling that information is scheduled. The school district shall develop a policy, in consultation with parents/guardians, regarding the collection of this information. Parents/guardians may opt their student(s) out of participation. No student may be required to submit to a survey, analysis or evaluation that reveals sensitive personal information (i.e. students' and/or their parents'/guardians' personal beliefs or practices regarding sex, family life, morality, religion, political beliefs/affiliations, mental/psychological problems of student or his/her family, illegal behavior, self-incriminating behavior, anti-social behavior/demeaning behavior, critical appraisals of students' close family member(s), privileged relationships, or income except when necessary for program participation or financial aid) without the prior written consent of the parent/guardian. Parents/guardians shall be notified of the specific or approximate dates of the administration of any survey and choose to opt students out of participation. The school district, in consultation with parents/guardians, shall develop a policy regarding the right of the parent/guardian to inspect surveys created by a third party or any instrument used in the collection of personal information.

**Suicide Prevention- Education Code 215**

Student suicide rates are of concern to all members of the school community. One child, ages 12 and

older, dies by suicide every five days in California. Local Districts were required by California law to provide suicide prevention education, according to age-appropriate and sensitive local policies, for grades 7 to 12. Legislators have determined that training in mental health and coordination around improved services is extended to our elementary students. A shared goal by all staff educators is to keep a safe place to learn, free from harm to any of our students.

**Testing**

**Advance Placement Examination Fees • Education Code § 52244**

State funds are available to award grants to students to cover the costs of advanced placement examination fees. Any economically disadvantaged student who is enrolled in an advanced placement course may apply to their school for a grant.

**High School Proficiency Exam • Title 5 CCR 11523**

Requires the principal of a school maintaining grades 11 and 12 to distribute an announcement explaining the California High School Proficiency Exam. The notification is to be made in time to enable interested students to meet examination registration requirements for the Fall test.

**California Assessment of Student Performance and Progress (CAASPP) Exemption • 5 CCR 852**

Each year, parents and guardians will be notified regarding their student’s participation in the CAASPP assessment system. Parents and guardians wanting to excuse their children from any or all parts of the CAASPP must submit a written request. Such written requests must be submitted to the school on an annual basis. ## **Foggy Day Schedule**

All classes begin at 8:00 AM. The Foggy day schedule applies to those students who ride the bus to school. Based on input from local “spotters,” Southwest Public School Transportation Agency (SWTA) will decide if buses will be delayed due to foggy weather conditions. If bus departure is delayed, an announcement will be made on local television channels and local radio stations (under the name American Union, West Fresno, and/or Washington Union High School). The announcement will indicate which plan the Agency will follow and is subject to changes and updates.

PLAN A	Two (2) hour bus delay. Buses will run 2 hours after the usual time.
PLAN B	Three (3) hour bus delay. Buses will run 3 hours after the usual time.
PLAN C	Buses canceled. No A.M. buses. Afternoon buses will run.

***As always, if during foggy weather conditions you choose to transport your child to school rather than have him/her ride the bus, please exercise caution and safety.***

## **Late Start**

Students report to school at 10:00 A.M. on most Wednesdays (please check the school calendar each month). Between 8:00 A.M. and 10:00 A.M., teachers meet in Professional Learning Communities to analyze student data, review best instructional practices, receive professional development in-services, and modify and improve instruction based on student need.

Leading educational researchers have concluded that creating a collaborative environment is one of the most significant factors in successful school improvement efforts. Effective collaboration among teachers and school leaders is linked to gains in student achievement, higher quality solutions to problems, and increased effectiveness among all staff.

## **Emergency Early Dismissal**

*If necessary, Washington Unified School District will release students from school in the event of an emergency, unhealthy or an unsafe condition. Natural disasters, extended power outages, lack of water or sewer facilities, and dangerous fog conditions are a few reasons why students may be dismissed early from school.*

In the event of any of the above conditions, students may be dismissed from school before regular dismissal time. Every effort will be made to contact parents or guardians in the event of an emergency release. However, it is imperative that your family has a plan, so your child knows what to do if, and when, he/she is dismissed due to an emergency early dismissal.

In the event of an early emergency dismissal, buses will travel on their regular routes in the normal sequence. Students who are brought to or walk to school will be expected to get home by the same method. In the event of an emergency, there will be some uncertainty, especially for children. The best way to overcome this uncertainty is to be specific about the procedure for your child and remind him/her frequently about what to do under these circumstances.

## **After School Schedule**

The After School Program is held each day, Monday through Friday, after school until 6:00 P.M., except for three days during the school year. These three days are designated as Professional Development for After School employees. The dates of these professional development days will be communicated to parents. Please watch for phone or written communications.

Once Daylight Savings time ends, After School Program students who walk or ride the bus home may be dismissed up to an hour earlier for safety purposes.

## **ADDITIONAL INFORMATION**

To meet California's school entry requirement, children entering school need the following immunizations:

<b>Immunizations</b>	<b>Dosage</b>
Diphtheria, Pertussis, and Tetanus (DPT)	5 doses
Polio	4 doses
Measles, Mumps, Rubella (MMR)	2 doses
Hepatitis B	3 doses
Varicella (chicken pox)	2 doses
Tuberculosis Blood Test Results/Screening (TB)	

Students entering 7th grade must show proof of the following immunizations:

<b>Immunizations</b>	<b>Dosage</b>
Tetanus, reduced Diphtheria, and acellular Pertussis (Tdap)	1 dose

***\*All immunizations must be up to date before a child will be admitted to school.***

### **AFTER SCHOOL PROGRAM**

The After School Education and Safety Program begins each day Monday through Friday after school until 6:00 P.M. It is an extended part of the regular learning day for students and provides homework assistance, a free and healthy snack, academic enrichment, and a safe, constructive alternative for students.

Attendance is voluntary and encouraged, but enrollment is limited. Therefore, participation in the After School Program is on a first-come-first served basis. Transportation is provided for students who ride the bus to and from school.

### **ALCOHOL, DRUG, AND TOBACCO POLICY**

Washington Unified School District is an alcohol, drug, and tobacco free district. Every effort is made to reduce the chances that students begin or continue the use of alcohol, drugs, or tobacco. Programs of instruction, intervention, recovery, student support, enforcement, and discipline exist at our schools. School personnel will take appropriate action to eliminate possession, use, or sale of alcohol, drugs, and tobacco and related paraphernalia on school grounds, at school events, or in any situation in which the school is responsible for the conduct and wellbeing of students.

Students possessing, selling, and/or using alcohol, drugs, tobacco, or related paraphernalia, shall be subject to disciplinary procedures that may result in suspension or expulsion. (E.C. 48900 ;)

School authorities may search a student, a student's possessions, backpack, desk, and/or other school property suspected of possessing alcohol, drugs, tobacco, or related paraphernalia. (E.C.5145.12)

### **ARRIVAL AT SCHOOL**

All students should arrive at school before classes begin at 8:00 A.M. (Grades K-8) and 8:10 A.M. (Grades 9-12) and in time to eat breakfast, if they choose. Students should not be on campus before morning supervision begins or after school unless they are involved in a supervised school activity. Students who are tardy must obtain a tardy slip from the office before entering class.

## **ASSEMBLIES**

Washington Unified School District believes school assemblies are excellent educational opportunities for students. While attending assemblies, students are to respect those performing, presenting, and entertaining the audience.

During a school assembly student shall:

- Respectfully remain quiet and attentive during the entire program.
- Be courteous of other individual's rights and space during the program. Remain in their seats until a school authority has dismissed them.
- Refrain from whistling, talking or other acts of discourtesy that interrupt the performance.

Violation of these rules may subject the student to disciplinary action.

## **ATHLETIC ELIGIBILITY**

Students who participate in sports teams or athletic activities are expected to be in good standing in their grades and behavior. Students in grades 9-12 must have a grade point average of 2.0 or better as determined by the most current report card. Students in grades 6-8 must have a grade point average of 2.0 or better with no grade of "F" in any core subject (English Language Arts, Math, Social Science, Science and Physical Education) as determined by the most current report card. For students in grades 4-5, athletic eligibility will be determined by school administration. Student athletes will also be asked to follow citizenship rules, athletic by-laws, show proof of insurance, and provide an athletic screening (physical) report signed by a health provider.

Students in grades 4-8, who are ineligible for sports, may petition for permission to play by following strict eligibility requirements before EACH GAME.

## **ATTENDANCE AND ABSENCES**

Washington Unified School District expects students to attend school 100% of the days he/she is enrolled. This requires a complete commitment on the part of the child and home. Learning is a continuous process made up of many educational "building blocks." These building blocks are essential in the promotion from one grade to another. Therefore, it is important that each child be in school every day to benefit from this ongoing process.

As per the California Education Code 48205 a student may legally be absent from school for the following reasons:

1. Due to his or her illness.
2. Due to quarantine under the direction of a county or city health officer.
3. For the purpose of having medical, dental, optometry, or chiropractic services rendered.  
*However, we ask that you make every effort to make appointments after school hours.*
4. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
5. For the purpose of jury duty in the manner provided for by law.
6. For justifiable personal reasons, including, but not limited to, an appearance in court, observance of a holiday or ceremony of his or her religion, or attendance at religious retreats.
7. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
8. For the purpose of spending time with a member of the pupil's immediate family, who is an active-duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position.
9. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.

(a) Students who miss school work because of an excused absence shall be given the opportunity to complete all assignments and tests that can be reasonably provided. As determined by the teacher, the assignments and tests shall be reasonably equivalent to, but not necessarily identical to, the assignments and tests missed during the absence. Students shall receive full credit for work satisfactorily completed within a reasonable period. Students who miss school work because of unexcused absences shall be given the opportunity to make up for the missed work. Teachers shall assign such makeup work as necessary to ensure academic progress, not as a punitive measure.

(b) For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.

(c) "Immediate family," as used in this section, has the same meaning as that set forth in Education Code Section 45194, except that references therein to "employee" shall be deemed to be references to "student."

(d) Out-of-town visits, vacations during school time, and lack of transportation are not valid excused absences.

All absences are monitored by the school district for truancy and enforced by the School Attendance Review Board (SARB). The Washington Unified School District Attendance Review Board (SARB) will enforce all attendance rules dealing with excessive excused absences, unexcused absences, and/or tardies. WUSD is part of the Truancy Intervention Program (TIP), a partnership with the Fresno County Probation Department regarding excessive student absences.

Students with temporary disabilities, who cannot attend regular day classes, may receive individual instruction provided by the district. (E.C. 48206.3)

A student with a temporary disability, who is in a hospital or other health facility, excluding a state hospital, which is outside of the school district in which the parent or guardian resides, shall have complied with the residency requirements for school attendance in the school district in which the hospital is located. It is the primary responsibility of the parent/guardian of the student with the temporary disability to notify the school district of the student's presence in a qualifying hospital. (E.C. 48207, 48208)

We encourage good attendance at all our school sites, but only if the health and welfare of your child and the health and welfare of others are not in jeopardy. Children who are ill, especially if they are vomiting, have a temperature, congested cough, or an incessantly runny nose, should remain at home until they are well or no longer contagious to others.

## **ATTENDANCE OPTIONS/PERMITS – EC 48980(h)**

Residency – EC 48200 and 48204

A minor between the ages of 6 and 18 years is subject to compulsory education and, unless exempt, must enroll in the school district in which the residence of either the parent or legal guardian is located. A student may comply with the residency requirements for school attendance in a school district, if he or she is any of the following:

- (a) placed in a foster home or licensed children's institution within the boundaries of the school district pursuant to a commitment of placement under the Welfare and Institutions Code.
- (b) an emancipated student who resides within the boundaries of the school district.
- (c) a student who lives in the home of a caregiving adult that is located within the boundaries of the school district.
- (d) a student residing in a state hospital located within the boundaries of the school district.

A school district may also deem a student as having complied with the residency requirements for school attendance in the school district if one or both parents and/or legal guardians of the student are employed within the boundaries of the school district.

## **ATTENDANCE-INTERDISTRICT ATTENDANCE – EC 46600 et seq.**

The parent or legal guardian of a student may seek release from the home district to attend a school in any other school district. School districts may enter into agreements for the interdistrict transfer of one or more students. The agreement must specify the terms and conditions for granting or denying transfers and may contain standards of reapplication and specify the terms and conditions under which a permit may be revoked.

**Students who have been approved to attend Washington Unified School District on an Interdistrict Attendance Permit must remain in good standing with academic effort, behavior, and attendance. Attendance approval may be revoked, and the student may need to return to his/her district of residence if he/she fails to comply with the terms and conditions of the transfer.**

## **ATTENDANCE-OPEN ENROLLMENT ACT – EC 48350 et seq.**

Whenever a child is attending a school on the Open Enrollment List as identified by the Superintendent of Public Instruction, the student may seek to transfer to another school within or outside of the district, as long as the school to which he/she is transferring has a higher Academic Performance Index (API). Transportation to any other school is the responsibility of the parent/guardian. School districts are allowed to adopt written standards for acceptance and rejection of applications if students are selected through a random and unbiased process. Unless the school board waives the deadline, requests for transfers are to be submitted by January 1 of the prior school year. To apply, parents/guardians must contact the school district to which they seek to transfer their student.

## **BREAKFAST PROGRAM**

Breakfast is served each day beginning at 7:30 A.M. To ensure that students are on time to class, breakfast is not served after 7:50 A.M. (Grades K-8) and after 8:00 A.M. (Grades 9-12).

## **CAMPUS VISITORS/VISITORS POLICY**

All visitors must check into the main office to receive approval and a visitor's pass. Parents are invited to visit the school or classes; however, students may not bring non-enrolled students on campus during the school day.

## **CHANGE OF ADDRESS/CONTACT INFORMATION**

It is important that we have correct information to reach parents in the event of an emergency. Please notify the school office of any changes in address or contact numbers.

## **CELL PHONES/ELECTRONIC DEVICES**

California law permits students to carry cell phones. However, such devices shall be turned off except when being used for a valid instructional or other school-related purpose as determined by the teacher or other district employee, and at any other time directed by a district employee. Any device with a camera, video, or voice recording function shall not be used in any manner which infringes on the privacy rights of any other person. EC 48901.5

Texting, taking photos or videotaping inside the school building during the school day is not allowed. Students may not wear earpieces during class time as they impede the student's ability to hear instructions and announcements.

Because of the expense, loss, and disruptiveness to learning environments, electronic devices (iPhone, iPod, tablets, MP3 players, radios, Gameboys, etc.) should not be brought to school. Phones and electronic devices that are bought and lost or stolen are not the responsibility of the school or district and will not be replaced. The school Calendar will be provided to parents and guardians each month. It will outline the dates and times of school events.

## **COMMUNICATION WITH FAMILIES**

Communication between the home and school is an essential part of student success. You are encouraged to contact your child's teacher, principal, or any specialist if you have questions, concerns, or compliments about your child's progress in school.

There are several ways for parents to receive information about their child's progress and school.

**Back to School Night** is a time to meet your child's teacher, locate his/her room, and become familiar with the school and teacher.

**Open House (K-8 only)** is a time set for parents to visit their child's school. The teacher will greet parents and display current student work. However, this is not a time for individual parent/teacher conferences.

**Report Cards or Progress Reports** are issued following each grading period. These reporting forms record academic progress and effort in each area of the curriculum.

**Parent/Teacher Conferences** provide opportunities for teachers to share information with parents about their child's progress in school. These conferences are scheduled after the first and third grading period. Additional conferences may be held at the request of the parent or teacher anytime during the year. Some teachers conduct Student/Parent/Teacher Conferences that are led by the student.

**Newsletters** provide timely information about the school, classroom, and District activities.

**Parent Committees and Advisory Groups** are established in each school to provide valuable support and service to students and staff. Parents are encouraged to become active members.

**Single Plan for Student Achievement (SPSA)** is developed at each school every year. The plan outlines goals and methods for improving student achievement. The SPSA is approved by the School Site Council and is available on each school's website.

**The School District Web Site** at [www.washingtonunified.org](http://www.washingtonunified.org) provides general information about the District and its programs, as well as current news items.

**Assessment Results** also give parents an indication of how their child is progressing in school. Students in Grades 3 through 8, 10, and 11 participate in federal and state assessments. Student results will be provided to parents in a timely manner and assist teachers, principals, and District administration in determining the effectiveness of instructional programs.

## **CONDUCT REFERRALS**

A student may receive a conduct referral for failure to follow school or classroom rules. Parents will be notified if their child's offense(s) is/are serious, continuous, or interrupt the learning and/or safety of others.

## **COURSE OF STUDY**

All teachers are expected to follow the course of study as approved by the Washington Unified School Board.

## **DIRECTORY INFORMATION – EC 49073**

"Directory Information" includes one or more of the following items: student's name, address, telephone number, date and place of birth, participation in school activities and sports, members of athletic teams, dates of attendance, and/or awards received. The district has determined that the following individuals, officials, or organizations, upon request, may receive directory information concerning presently enrolled or former students:

- (a) Parent-Teacher Association or Club
- (b) Law enforcement personnel
- (c) County probation personnel and county protective services agency staff
- (d) Organizations seeking scholarship applicants.

**Should any parent or guardian object to the release of directory information, he/she must notify the school district in writing of his/her written prohibition. No information shall be released when a parent has notified the district not to release such information. (E.C. 49072)**

## **DISCRIMINATION POLICY**

No student shall be unlawfully discriminated against on the basis of actual race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or

mental disability, sex, sexual orientation, gender, gender identity, gender expression, or any other legally protected status; the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics. . Reasonable accommodation is available for handicapped students if necessary. (Section 504)

## DRESS CODE

The purpose of this dress code is for students to become aware of:

1. **Appropriateness:** Clothing should meet the expectations of the social environment. For example, the following environments require different dress: informal at home attire vs. casual school attire vs. professional business attire. It is the desire of the community to prepare students for a Great Future by developing a sense of appropriate dress.
2. **Safety and school climate:** Some attire such as shoes, colors, phrases, and logos present physical safety issues or express allegiance to groups that create a hostile school climate. It is the desire of the community to establish a safe and peaceful school climate to enhance the educational experience.
3. **Character:** It is important that students develop the sense that their apparel reflects on their character. Clothing that is suggestive and/or contains words or phrases of a vulgar or suggestive nature negatively impact their character both by association and assimilation. It is the desire of the community to prepare students for a Great Future by developing their sense of appropriate moral judgment.

The following rules are recommendations that address appropriateness for the school social environment, safety and school climate, and student character.

## **COMPREHENSIVE SEXUAL HEALTH AND HIV PREVENTION EDUCATION**

California law requires that comprehensive sexual health education and HIV prevention education should be offered to all students in grades 7-12, including at least once in junior high or middle school and at least once in high school. (Education Code 51934) The district's curriculum shall support the purposes of the California Healthy Youth Act as specified in Education Code 51930-51939, be unbiased and inclusive of all students in the classroom and be aligned with the state's content standards.

The district shall respect the rights of parents/guardians to supervise their children's education on these subjects and to impart values regarding human sexuality to their children.

## **PARENT/GUARDIAN CONSENT**

At the beginning of each school year or at the time of a student's enrollment, the Superintendent or designee shall notify parents/guardians about instruction in comprehensive sexual health education and HIV prevention education, as well as research on student health behaviors and risks, planned for the coming year. The notice shall advise parents/guardians: (Education Code 48980, 51938)

1. Written and audiovisual educational materials to be used in comprehensive sexual health and HIV prevention education are available for inspection.
2. Parents/guardians have a right to excuse their child from comprehensive sexual health or HIV prevention education, or research on student health behaviors and risks, provided they submit their request in writing to the district.
3. That parents/guardians have a right to request a copy of Education Code 51930-51939.
4. Whether comprehensive sexual health or HIV prevention education will be taught by district personnel or outside consultants.

If the district chooses to use outside consultants or to hold an assembly with guest speakers to deliver comprehensive sexual health or HIV prevention education, the notification shall include: (Education Code 51938)

- a. The date of the instruction.
- b. The name of the organization or affiliation of each guest speaker.
- c. Information stating the right of the parent/guardian to request a copy of Education Code 51933, 51934, and 51938.

If the arrangements for instruction by outside consultants or guest speakers are made after the beginning of the school year, the Superintendent or designee shall notify parents/guardians by mail or another commonly used method of notification no fewer than 14 days before the instruction is given. (Education Code 51938) (cf. 5145.6 - Parental Notifications)

## **FREE AND REDUCED-PRICED MEALS – EC 49510**

WUSD schools qualify for Provision 2 under the National School Lunch Program. If WUSD qualifies for Provision 2, no student is charged for breakfast or lunch. However, WUSD will continue to collect income verification information as required to determine Local Control Funding Formula data.

## **FRESNO COUNTY PUBLIC LIBRARY**

Washington Unified School District maintains a library services agreement with Fresno County Superintendent of Schools. The agreement authorizes Washington Unified School District students' access to the Fresno County Public Library.

## **GANG INFLUENCES**

The Washington Unified School District does not permit the promotion of gang affiliation and/or gang influences. Students are not permitted to claim or show gang affiliation through clothing or behavior, display of gang hand signals, colors, drawings or displays of gang symbols, or writing styles on skin, schoolbooks, binders, papers or assignments.

## **GRADE LEVEL STANDARDS**

Grade level standards were adopted by the state of California in 2010 for Language Arts and Math. Next Generation Science Standards were adopted in 2013. Social Studies and Physical Education

standards are also identified at all grade levels. The grade level standards provide the core curriculum for all students. The superintendent, principal and classroom teachers work together to select materials and methods to support instruction of these standards.

## **GRADING POLICY**

The grading policy is determined by individual teachers, grade level teams, and departments. Teachers will notify parents of their grading policies at the beginning of the school year.

## **GRADUATION REQUIREMENTS**

Washington Unified students must complete 280 credits to receive a high school diploma. The Superintendent or designee shall exempt or waive specific course requirements for foster youth, homeless students, and children of military families in accordance with Education Code 51225.1 and 49701. The minimum requirements in each subject are as follows:

<b>SUBJECT</b>	<b>CREDITS</b>
English	40
Math	30
Science	30
Physical Education	30
World History	10
American History	10
American Government/Economics	10
Panther Pathways	10
Computer Literacy	10
Fine Arts/Foreign Language	10
Career electives (includes Senior Projects)	90
<b>TOTAL</b>	<b>280</b>

## **HEAD LICE**

Head lice are a common problem among all school children. Students diagnosed with live head lice do not need to be sent home early from school; they can go home at the end of the day, be treated, and return to class after appropriate treatment has begun. Nits may persist after treatment, but successful treatment should kill crawling lice.

Head lice can be a nuisance, but they have not been shown to spread disease. Personal hygiene or cleanliness in the home or school has nothing to do with getting head lice.

## **HOMELESS STUDENTS**

Washington Unified School District will adhere to the McKinney-Vento Homeless Assistance Act as amended by Every Student Succeeds Act (ESSA) which ensures educational rights and protections for children and youth experiencing homelessness. Children identified as homeless under the McKinney-Vento Act have educational rights. Washington Unified is committed to ensuring that children and youth in homeless situations may enroll in, attend, and succeed in school and preschool programs.

## **HOMEWORK GUIDELINES FOR PARENTS**

### 1. Provide A Study Area

Good lighting, proper seating at a table or desk, adequate materials, and sufficient space are essential. Distractions such as radio, TV and phone calls should be eliminated.

2. **Provide A Specific Time Period**  
Schedule a time daily. Establish rules against using the phone, watching TV and listening to music until homework is completed neatly and accurately.
3. **Think Positively**  
Encourage your child to understand the value of homework. Any accomplishment requires work, practice and consistency. Give as much assistance as possible but remember that homework is your child's responsibility.
4. **Supervise Homework**  
Parents are encouraged to check their child's daily planner. Make sure your child has enough time, understands the directions, and works carefully.
5. **Help The Homework Habit**  
If your child does not bring work home or is not writing daily assignments in his/her daily planner, please contact the teacher. This will help you to determine whether he/she is completing assignments in school, forgetting it, or failing to bring it home. Always contact the teacher when in doubt, or if you have questions.

## **HOMEWORK POLICY**

Homework is an integral part of the educational process. It is an extension of the classroom and reinforces what has been taught. It allows students to develop self-discipline and self-confidence. Homework encourages students to work independently, use time wisely and develop a sense of responsibility. It fosters good study habits that will be useful throughout the student's school career and provides communication between home and school. Homework also gives parents an opportunity to see what their child is doing in school.

Students will be assigned a reasonable amount of homework to allow for independent practice of learned concepts. Parents having a concern about homework are encouraged to contact the teacher who assigned the work.

## **HOME TO SCHOOL TRANSPORTATION**

Washington Unified School District contracts with Southwest Transportation (SWTA) to provide transportation for students.

Riding a school bus is a privilege and not a right and the driver of the bus has absolute authority while a student is on the bus. He/she may remove from the bus any student who persists in disobeying regulations.

Bus drivers will issue citations to those students who do not follow transportation rules. A school administrator will be notified of all bus referrals and students may lose bus privileges temporarily or permanently if their behavior violates bus rules or interferes with bus safety.

Students who fail to follow bus rules, procedures, and/or the directions of the bus driver may be removed from the bus and will need alternative transportation to and from school. During the period of suspension, a student will not be permitted to ride the bus for any school event or trip.

The school office must receive a note signed by a student's parent or legal guardian or by a phone call from a student's parent or legal guardian if a student needs to ride another bus or needs to get off the bus at a stop other than his/her designated place. For the safety of your child, and in order to process requests, this note, or call must be received by the office before 1:00 PM and a bus pass issued to the driver before the end of the school day.

All students who ride the bus, for any reason, are subject to the following school transportation rules and regulations.

1. Cooperate with the driver. Follow directions the first time given.
2. Arrive at the bus stop on time.
3. Board and leave the bus in an orderly manner.
4. Be seated promptly.
5. Always sit facing the front.
6. Keep your hands to yourself.

13. Do not use inappropriate or obscene language.
14. Students will be responsible for their own behavior.
15. Do not deface or destroy bus equipment.
16. Avoid loud talking.
17. Students crossing the street to reach home will be escorted by the driver.
18. No fighting on the bus.

\*Adult chaperones and bus riders are subject to all safety and bus rules.

## IMMUNIZATIONS

The California Health and Safety Code section 120325 requires that every child entering a California school be immunized against specific diseases. Please see the section "Admissions to School." Parents/Guardian must present an Immunization Record. **A student will not be permitted to attend school on the 1st day if they have not met all immunization requirements for school entry. Students who fail to complete the series of required immunizations within the specified time will be denied enrollment until the series has been completed.** Migrant, Foster, Group Home, and Homeless youth must be admitted with or without a fully documented immunization record.

In the event that the school district should participate in an immunization program for the purpose of prevention and control of communicable diseases, your child will not participate unless you have provided specific written consent. (E.C.49403)

## INDEPENDENT STUDY

If you know that your child will be out of school for more than five (5) days for a reason other than those officially excused by the state, please contact the school at least one week in advance. (Independent study is not appropriate for absences of fewer than 5 days). You may request that your child be placed on Independent Study for the length of time he/she will be gone. You will be asked to come to the school office to sign an Independent Study form and obtain the work your child is to complete while away from school. All assignments must be completed and submitted upon return to school to be credited for Independent Study.

Students who will be gone from school for more than 10 days will be dropped from enrollment and re-enrolled when they return.

## INTERNET ACCESS

The school provides students access to the internet and online services. Proper use of this access is taught and required of all students and staff members. The district's internet use requirements are outlined to parents on the registration form at the beginning of the school year or upon a student's enrollment in the district.

**A student who fails to use computers and/or the internet properly may lose his/her access to school computers and may be subject to disciplinary action.**

In addition, pursuant to State of California law, any unauthorized Internet access, attempted access, or use of any state computing and/or network system is a violation of Section 502 of the California Penal Code and/or other applicable federal laws and is subject to criminal prosecution.

## INTERDISTRICT TRANSFER STUDENTS

Students who have been approved to attend Washington Unified School District on an Interdistrict Attendance Permit must remain in good standing with academic effort, behavior, and attendance. Approval may be revoked, and the student may need to return to his/her district of residence. Also see Attendance. If a student's parent works for Washington Unified School District, they meet the attendance residency requirements and do not need an interdistrict transfer. Transportation to and from school is the

responsibility of the parent or guardian for a student who attends Washington Unified School through and Inter-District transfer.

## **INVOLUNTARY TRANSFER**

A decision to transfer a student involuntarily into Continuation Education classes shall be based on a finding that the student meets either of the following conditions: (Education Code 48432.5)

1. The student committed an act enumerated in Education Code 48900.
2. The student has been habitually truant or irregular in attendance from instruction he/she is lawfully required to attend.

Involuntary transfer to a continuation school shall be made only when other means fail to bring about student improvement. However, a student may be involuntarily transferred the first time he/she commits an act enumerated in Education Code 48900 if the principal determines that the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48432.5)

Prior to an involuntary transfer, the student and parent/guardian shall be given written notice that they may request a meeting with the Superintendent or designee. (Education Code 48432.5) (cf.- Parental Notifications)

At the meeting, the student or parent/guardian shall be informed of the specific facts and reasons for the proposed transfer. The student or parent/guardian shall have the opportunity to inspect all documents relied upon, question any evidence and witnesses presented, and present evidence on the student's behalf. The student may designate one or more representatives and witnesses to be present with him/her at the meeting. (Education Code 48432.5)

A written decision to transfer, stating the facts and reasons for the decision, shall be sent to the student and parent/guardian. It shall indicate whether the decision is subject to periodic review and the procedure for such review. (Education Code 48432.5)

The persons making the final decision for involuntary transfer shall not be members of the staff of the school in which the student is enrolled at the time. (Education Code 48432.5)

No involuntary transfer to a continuation school shall extend beyond the end of the semester following the semester when the acts leading to the involuntary transfer occurred. (Education Code 48432.5)

## **LOST AND FOUND**

Articles of clothing are placed in a Lost and Found container at each site. Smaller articles such as wallets, jewelry, eyeglasses, keys, etc., are kept in the office. The finder may claim money after two weeks. Unclaimed articles are donated to the Fresno Rescue Mission, Goodwill, or Craycroft Children's Center at the end of school in June. Parents are encouraged to write children's names on lunch boxes, sweaters, jackets, backpacks, etc.

## **LUNCH & BREAKFAST PROGRAM**

Washington Unified School District participates in the National School Lunch Program. See Free and Reduced-Priced Meals for more information.

If your child has any food allergies, please obtain a medical doctor's statement for your child to receive an alternative meal. This medical note must be updated each year.

Parents and Staff members may purchase a school breakfast and lunch at the following costs:

- Adult breakfast \$3.00
- Adult lunch \$4.00
- Adult milk \$.35

## **MANDATED REPORTERS**

All school personnel are required by law to report any suspected incidences of child abuse that may include physical or sexual abuse, neglect, or emotional maltreatment. Reports shall be made to Child Protective Services at 559-255-8320 or to Local Law Enforcement (Fresno PD 559-621- 7000; Fresno County Sheriff 559-600-3111).

## **MATHEMATICS NINTH GRADE PLACEMENT PROTOCOL (SENATE BILL 359):**

Mathematics placement of 9th graders in WUSD shall be based on objective measures. These measures may include:

- Assessments such as Illuminate Benchmark Exams (IBE) and SBAC Interim Assessment Blocks (IAB);
- Standardized tests, including from prior years.
- Student grades that reflect comprehension and mastery of the subject matter, from both semesters of the 7th and 8th grade year.
- Other objective indicators of student performance and proficiency in mathematics; and
- A placement checkpoint examination within the first month of the student's ninth grade year.

Placement decisions shall be communicated to parents/students prior to the start of the school year via a student's schedule.

## **RECOURSE PLAN**

Any parents/students who may be dissatisfied with a student's mathematics placement shall contact the student's 9th grade counselor to request a review of the placement protocol. The counselor will provide the objective measures used for course placement. If the parent/student is still dissatisfied with the placement of the student, the principal or designee shall make a final determination.

## **MEDICATION REGIMEN – EC 49480**

Parents are required by law to inform the school of any medication taken by their child during school hours. With written instructions from a physician, a child may be given medication at school by a designated school employee. (E.C 49423) Parents or legal guardians of students needing daily medication must inform the school of the medication, the current dosage, and the supervising physician. (E.C.49480) The medication must be delivered to school by the parents in the original pharmacy container. Only students who have a written doctor recommendation to carry an inhaler or other medication with them at school may do so. All other inhalers and medications are kept in the office and given to the student as recommended or needed.

## **ADMINISTRATION OF PRESCRIBED MEDICATION FOR STUDENTS – EC 49423 AND 49423.1**

Any student who is required to take, during the regular school day, medication prescribed by a physician or surgeon, may be assisted by the school nurse or other designated school personnel or may carry and self-administer auto-injectable epinephrine or inhaled asthma medication if the school district receives a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken.

1. Talk to your child's doctor about making a medicine schedule so that your child does not have to take medicine while at school if possible.
2. If your child is regularly taking medicine for an ongoing health problem, even if he or she only takes the medicine at home, give a written note to the school nurse or other designated school employee at the beginning of each school year. You must list the medicine being taken, the current amount taken, and the name of the doctor who prescribed it (EC 49480).
3. If your child must take medicine while at school, give the school a written note from you and a written note from your child's doctor or other health care provider, who is licensed to practice in California. Provide new, updated notes at the beginning of each school year and whenever there is any change in the medicine, instructions, or doctor (EC 49423).
4. As parent or guardian, you must supply the school with all the medicine your child must take during the school day. You or another adult must deliver the medicine to school, except medicine your child is authorized to carry and take by him or herself.
5. All controlled medicine, like Ritalin, must be counted and recorded on a medicine log when delivered to the school. You or another adult who delivered the medicine should verify the count by signing the log.
6. Each medicine your child must be given at school must be in a separate container labeled by a pharmacist licensed in the United States. The container must list your child's name, doctor's name, name of the medicine, and instructions for when to take the medicine and how much to take.

7. Pick up all discontinued, outdated, and/or unused medicine before the end of the school year.
8. Know and follow the medicine policy of your child's school.

## **MIGRANT PROGRAM**

Washington Unified School District participates in the national Migrant Program through Fresno County Office of Education. A child is identified as "migrant" if his/her parent or guardian is a migratory worker in the agricultural, dairy, lumber, or fishing industries and whose family has moved during the past three years. A "qualifying" move can range from moving across school district boundaries or from one state to another for the purpose of finding temporary or seasonal employment. The eligibility period is three years from the date of the last move. Eligibility is established through an interview conducted by a Migrant Education recruiter who visits the home and employment locations where migrant workers are employed.

## **MUSIC PROGRAM**

Students may have an opportunity to participate in a choral or instrumental music program. The district has a limited number of instruments available, therefore, students must continually demonstrate a commitment and willingness to take their instrument home, practice, and attend music programs. Returning music students are given priority for instruments. However, if possible, parents are encouraged to rent or purchase instruments for their children. Students are responsible for lost or damaged musical instruments.

## **PARENTS' CLUB /PARENT-TEACHER ASSOCIATION**

A Parent association or club provides leadership and support to our schools. They also work in unison in sponsoring fund raisers, contributing to and fulfilling state and federal requirements, as well as addressing students' needs. We encourage all parents to participate in and attend parent organization meetings and to watch the calendar for meeting times and dates.

## **PARENTS—HINTS THAT CAN HELP**

1. Help your child to understand that he/she is responsible for his/her own actions and behavior.
2. Expect your child to grow towards independence and offer challenging opportunities. He/she needs limits within which to function and direction as to how to respond.
3. Get both (or all) sides of the story before drawing a conclusion. In case of a misunderstanding, contact the school.
4. Remember that teachers have many children to care for and need all the data you have about your child if they are to be effective in providing the right kind of program. Such things as health problems (or other circumstances which may affect your child's education) should be shared with the school.
5. Remind yourself that teachers usually teach because they care about children, that their objectives and yours are usually the same and agreement on how to achieve the objectives requires good two-way communication.
6. Spend time with your child every night to check on his/her homework.
7. Have a designated place for completed homework such as a backpack, binder, or folder. Teach your child to place items where he/she will remember them daily. Remembering homework is one-way for children learn responsibility.

## **PARENT CHAPERONES**

For legal purposes, only those persons listed on a student's emergency information form may serve as a chaperone. Older or younger brothers, sisters, or other children are not permitted to accompany the school or go with chaperones on school field trips.

Chaperones are asked to act in an adult and professional manner while around children and are asked to dress appropriately for the nature of the field trip.

Washington Unified School District grounds, buildings, and buses are ALCOHOL, DRUG, AND TOBACCO FREE ZONES. This includes any school-sponsored activity at school or away.

Chaperones are not permitted to smoke or consume alcoholic beverages while on school grounds, on or near school buses, or in the presence of students or students assigned to them.

Entrance fees or admission costs for chaperones may be paid for or partially paid for by the school. However, chaperones will need to purchase their own lunch, snacks, or refreshments. A school lunch is available for \$4.00. Please notify the school before the trip to order lunch.

## **PARENT INVOLVEMENT**

Board Policy

BP 6020

Instruction

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent/guardian involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall consult with parents/guardians and family members in the development of meaningful opportunities for them to be involved in district and school activities at all grade levels; advisory, decision-making, and advocacy roles; and activities to support learning at home.

(cf. 5020 - Parent Rights and Responsibilities)

The district's local control and accountability plan shall include goals and strategies for parent/guardian involvement, including district efforts to seek parent/guardian input in district and school site decision making and to promote parent/guardian participation in programs for English learners, foster youth, students eligible for free and reduced-price meals, and students with disabilities. (Education Code 42238.02, 52060)

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent/guardian and family engagement efforts, including, but not limited to, input from parents/guardians, family members, and school staff on the adequacy of involvement opportunities and on barriers that may inhibit participation.

(cf. 0500 - Accountability)

Title I Schools

The Superintendent or designee shall involve parents/guardians and family members in establishing district expectations and objectives for meaningful parent/guardian and family engagement in schools supported by Title I funding, developing strategies that describe how the district will carry out each activity

listed in 20 USC 6318, as contained in the accompanying administrative regulation, and implementing and evaluating such programs, activities, and procedures. As appropriate, the Superintendent or designee shall conduct outreach to all parents/guardians and family members. (Education Code 11503; 20 USC 6318) (cf. 6171 - Title I Programs)

When the district's Title I, Part A allocation exceeds the amount specified in 20 USC 6318, the Board shall reserve at least one percent of the funding to implement parent/guardian and family engagement activities. The Superintendent or designee shall involve parents/guardians and family members of participating students in decisions regarding how the district's Title I funds will be allotted for parent/guardian and family engagement activities and shall ensure that priority is given to schools in high poverty areas in accordance with law. (20 USC 6318, 6631) (cf. 3100 - Budget)

Expenditures of such funds shall be consistent with the activities specified in this policy and shall include at least one of the following: (20 USC 6318)

1. Support for schools and nonprofit organizations in providing professional development for district and school staff regarding parent/guardian and family engagement strategies, which may be provided jointly to teachers, principals, other school leaders, specialized instructional support personnel, paraprofessionals, early childhood educators, and parents/guardians and family members
2. Support for programs that reach parents/guardians and family members at home, in the community, and at school
3. Dissemination of information on best practices focused on parent/guardian and family engagement, especially best practices for increasing the engagement of economically disadvantaged parents/guardians and family members
4. Collaboration with community-based or other organizations or employers with a record of success in improving and increasing parent and family engagement
5. Any other activities and strategies that the district determines are appropriate and consistent with this policy

The Superintendent or designee shall ensure that each school receiving Title I funds develops a school-level parent/guardian and family engagement policy in accordance with 20 USC 6318.

Parent involvement is an important part of implementing categorical programs. Washington Unified School District conducts the following parent involvement activities for its categorical programs:

1. **School Site Council (SSC)** - All schools implementing a Single Plan for Student Achievement (SPSA) are required to form a School Site Council. The SSC is composed of parents and school personnel. The SSC is responsible for developing, implementing, and evaluating the SPSA programs and goals. Members serve for two years and are elected by their peers. Elections for new members are held annually at the beginning of the school year.
2. **English Learner Advisory Committee (ELAC)** - All schools enrolling 21 or more English Learners are required to form an ELAC. The ELAC is composed of parents and school personnel. The ELAC provides input and makes recommendations to the principal, staff, and SSC regarding services for English Learners. Members serve for two years. Officers are elected by their peers.
3. **District English Learner Advisory Committee (DELAC)** - Each district with more than 50 pupils of limited English proficiency shall establish a district-wide advisory committee. The committee advises on educational programs and services for English Learner students. Parents or guardians, or both, of pupils of limited English proficiency who are not employed by the district constitute at least 51% of the committee and are elected by their site level ELAC to serve as district representatives. Officers of DELAC are elected by their peers and serve for two years.

4. **Migrant Parent Advisory Committee** - The Migrant Advisory Committee is composed of parents that qualify for the migrant program; however, migrant meetings may be attended by any parent. The Migrant Advisory Committee meets a minimum of 6 times per year in order to elect officers, provide input for the District Service Agreement, and the educational program for migrant students.
5. **District Advisory Committee** – (DAC) School districts receiving Economic Impact Aid (EIA)/State Compensatory Education (SCE) are required to establish a district advisory committee (DAC) and a school advisory committee (SAC) for the purpose of advising districts and schools regarding compensatory education programs. The DAC also serves as the LCAP Committee. A school may designate a school site council established pursuant to California Education Code (EC) Section 52852 to function as the school advisory council.

## **PARENT-TEACHER CONFERENCES**

Although a conference between a parent and teacher may be held at any time, formal parent-teacher conferences for TK-8th grade students are scheduled at the end of the first and third grading periods. Students will bring a conference note home approximately two weeks prior to the conference date. Please sign and return it as soon as possible to facilitate scheduling.

## **PARENT VISITATIONS**

Parents are welcome and encouraged to visit our school. Visits should be scheduled with the teacher in advance to ensure that your visit is as productive as possible. Please check in at the office before going to the classroom. Please note that the teacher will NOT be able to talk with you during the time of your visit, but will schedule a time to meet if you desire.

## **PARENT VOLUNTEERS**

Parents are welcome and encouraged to take an active role in the education of their children. In order to best assist the teacher and support student learning it is important that parent volunteers be able to come to school on a regular basis, not sporadically or without notice. If you are available to help in your child's classroom, please contact his/her teacher to set up a schedule.

## **PBIS (Positive Behavioral Intervention and Supports)**

Positive Behavioral Intervention and Supports (PBIS) is a systemic approach to proactive, schoolwide behavior that applies evidence-based programs, practices, and strategies for all students to increase academic performance, improve safety, decrease problem behavior, and establish a positive school culture. PBIS is in place at all WUSD sites and builds on existing strengths, complementing, and organizing current programming and strategies to support students.

## **PERSONAL SEARCHES**

A student's person and/or personal items (e.g., purse, book bags, etc.) may be searched when a school authority has reasonable suspicion to believe the student is in possession of illegal, unauthorized, or stolen items in violation of school rules or local, state, or federal law.

## **PESTICIDE NOTIFICATION**

Washington Unified School District schools are treated monthly with pesticides to control dangerous and unhealthy pests and insects. This treatment is done after school, on weekends, or during vacation periods by a pest control agency. The name and active ingredient of the pesticides used are provided to parents and guardians at the beginning of the school year or upon entry to the school district.

Parents may register with the office if they wish to receive notification of individual pesticide applications (Ed. Code 17612)

## **PHYSICAL EDUCATION**

All students must participate in physical education. Students are to always conduct themselves appropriately during PE class and behave in safe, supportive, and appropriate ways. Students are expected to wear appropriate PE clothing and footwear. Children unable to take part in physical education class should have a note from his/her parents. If your child must remain out of physical education for one week or more, a written statement from a doctor is required.

## **PHYSICAL EXAMINATIONS**

All students must have completed a health screening examination before entering first grade. This examination may be obtained from your family physician or through the services provided by the county health department or Migrant Health Services.

California law, *Education Code* Section 49452.8 now requires that your child have an oral health assessment (dental check-up) by May 31 in either kindergarten or first grade, whichever is his or her first year in public school. The law specifies that the assessment must be done by a licensed dentist or other licensed or registered dental health professional. Assessments that have occurred within 12 months before your child enters school also meet this requirement.

**Failure to obtain required examinations may result in your child being denied access or being removed from school for up to 5 days.**

Upon receipt of a written request, the parent may exempt a child from all physical examinations. However, the child may be sent home if there is good reason to believe that the child is suffering from a recognized infectious or contagious disease. (E.C. 49451)

## **PLAGIARISM AND ACADEMIC DISHONESTY**

In order to ensure the highest rigor and relevance of the education received at Washington Unified School District, students who are involved in plagiarism and cheating or committing academic dishonesty will receive consequences appropriate for the infraction, which may be, but are not limited to, a failing grade (or zero points) on the assignment, classroom suspension, and/or possible removal from the course. Obvious or clear defiance in this area may also warrant school suspension.

## **PLANNER/HANDBOOK**

Students in grades 4-12 will receive and use a school planner:

- To provide a tool for student, teacher, parent communication through consistent planner use.
- To teach students necessary organizational skills.

Teachers require students to write in their planner daily and will check planners frequently enough to ensure that students use them correctly each day. The cost for replacement is \$3.00.

Failure to bring planners, materials, and textbooks to class could result in disciplinary action.

## **PROGRESS REPORTS**

Progress reports are a means of home-school communication designed to inform parents of student progress. They are issued between each grading period and list student's current progress in each subject.

## **RELEASE OF INFORMATION TO MILITARY**

School districts are required to provide military recruiters with access to the names, addresses and phone numbers of high school students. Parents have a right to OPT-OUT from sending this information. Please indicate on your child's Annual Registration Form if you DO NOT want your child's information released to the military without prior written parental consent. Although we will accept a written statement

about opting out at any time during the year, completing the Annual Registration Form and returning it the first 10 days of the school year will ensure that no information is sent this school year.

## **REPORT CARDS**

Report cards are legal documents that record student progress and assessment results. These grades are recorded in a student cumulative folder and become part of his/her permanent record.

## **RETENTION**

Research states that retaining students rarely results in positive academic outcomes and in certain instances, is associated with lower academic long-term growth (David, 2008; Hung and Yu, 2001; Roderick and Nagaoka, 2005). Therefore, it is the intent of the Washington Unified School District that all students are prepared to be promoted to the next grade level at the end of each school year. However, there may be specific circumstances where this is not the case. Students not meeting minimum standards for promotion as evidenced by assessment results, grades, and other indicators of academic achievement may be candidates for retention. If this is the case, parents will be notified as early as possible during the school year. Extended learning opportunities, such as the After School Program, reading intervention, summer school, etc. are available to assist students in mastering grade level standards and may be recommended for students who are at risk of retention. For a student to be retained at the end of the school year, there must be overwhelming evidence that retention is in the student's best interest based upon academic assessment results and teacher and parent feedback.

## **SCHOOL ATTENDANCE REVIEW BOARD (SARB) EC 48263**

The School Attendance Review Board (SARB) is a committee of Washington Unified School District personnel. The purpose of SARB is to work with schools and students who have problems with regular attendance or behavior. When serious problems with attendance or discipline have not been corrected on the school level, the child and parents or legal guardian are required to go before the SARB board. Usually, problems are resolved at this point. However, the SARB board can and does, on occasion, refer severe cases to Fresno County Probation and the District Attorney's Office.

Attendance problems may go before SARB for either excessive excused or unexcused absences as indicated below:

1. 10 excused absences are allowed in the school year.
2. After the 10th absence, the parents will meet with SARB and will be required to supply the school with a doctor's note or allow a home visit from a school official to verify all future illnesses. If a doctor's notes or (home visits) are not supplied, the child will be declared truant and SARB will turn the matter over to the Truancy Intervention Program.
3. After 3 unexcused absences the parents will receive a letter from the school stating the dates the child was absent without a valid excuse and warning the parents about this problem.
4. After 6 unexcused absences a second letter will go home to the parents warning the parents the child may be declared a habitual truant.
5. After 9 unexcused absences the parents will be notified that their child has been declared a habitual truant and legal proceedings may follow. Parents/guardians will be notified to appear before the SARB panel and give cause for the unexcused absences. At this time, SARB will make recommendations to support the students to improve their attendance rate. The SARB panel will continue to monitor the student's attendance.

## **SCHOOL SUPPLIES**

The following are suggested supplies for students:

- Binder – A notebook binder with dividers and rings to hold materials for all classes.
- Index Tabs for Your Notebook - Notebooks with tabs can be helpful for dividing subject areas.
- Notebook Paper - A supply of three-hole, standard rule paper.
- Writing Materials - Have at least two #2 lead pencils and a blue or black pen.
- Highlighter (no permanent markers)
- Ruler
- Colored pencils

## **SOCIAL EMOTIONAL SUPPORT**

A wide range of social emotional support is offered at each site. Psychologists, counselors, and therapists are available to provide services, including Individual Counseling, Group counseling, testing, and other services beyond the scope of the classroom teacher.

## **SCHOOL RULES – EC 35291**

The school will provide all parents and guardians with a copy of the school’s basic rules for student behavior. Please read and discuss these rules with your child to ensure that they are familiar with expectations for positive school behavior.

## **SCHOOL SITE COUNCIL**

The purpose of the School Site Council is to recommend and assist in the development of the Single Plan for Student Achievement (SPSA). The council has the ongoing responsibility to review, with the principal, teachers, school personnel, and students (where applicable), the implementation of the goals and programs and to periodically assess their effectiveness. The council reviews the SPSA annually and, if necessary, makes modifications in the plan to reflect changing improvement needs and priorities. Parents interested in serving on this council should contact the school.

## **SEXUAL HARASSMENT-EC 48980(g)**

Washington Unified School District is committed to maintaining a learning and working environment that is free from sexual harassment. If any student believes that he/she is the victim of sexual harassment he/she should immediately report the incident to the principal. (E.C.212.6 [G]) The district will investigate all claims of sexual harassment and take appropriate disciplinary or other action when the evidence shows that harassment has occurred. Upon request, parents will be provided with a copy of the district sexual harassment policy.

## **SOCIAL MEDIA ETHICS**

It’s important to be aware of what your kids are doing online, but prying too much can alienate them and damage the trust you’ve built together. The key is to stay involved in a way that makes your kids understand that you respect their privacy but want to make sure they’re safe.

Here are some helpful hints to share with connected kids:

- **Be nice.** Mean behavior is just as unacceptable in the virtual world as it is in the real world. Make it clear that you expect your kids to treat others with respect and courtesy, and to never post hurtful or embarrassing messages about others. Ask them to always tell you about any harassing or bullying messages that others may post.
- **Think twice before hitting “enter”.** Remind teens that what they post can be used against them. For example, letting the world know that you’re off on vacation or posting your home address gives would-be robbers a chance to strike. Teens also should avoid posting specific locations of parties or events, as well as phone numbers.
- **Follow the “WWGS?” (What Would Grandma Say?) Rule.** Teach kids that “once it’s out there, you can’t get it back”. They shouldn’t share anything on social media that they wouldn’t want their teachers, college admission officers, future bosses – and yes, grandma - to see.
- **Use privacy settings.** Privacy settings are important, and to highlight their importance, go through the settings together to make sure your kids understand each one. Also, explain that

passwords are there to protect them against things like identity theft and should never be shared with anyone (even boyfriend, girlfriend, or best friend).

- **Don't "friend" strangers.** "If you don't know them, don't friend them". This is a plain, simple – and safe – rule of thumb.

## **SPECIAL DELIVERIES, PRESENTS AND BALLOONS**

Delivery of balloons, presents, flowers and other special items may be distracting to classroom activities, pose a safety hazard, and are not permitted on the school bus. Deliveries will be kept in the office and students will be notified to pick them up at the end of the school day.

## **SPECIAL EDUCATION**

Children who display signs of academic and/or behavior difficulties may be referred to the special education resource teacher. Federal law requires a free and appropriate education (FAPE) in the least restrictive environment be offered to qualified students. No student will be discriminated against on the basis of handicap. Reasonable accommodation is available for handicapped students if necessary.

If the student meets specific criteria and qualifies for a special education program, every effort is made to assist him/ her in the appropriate placement. A special education resource teacher may work with the student in his/her classroom, on a pull-out basis, or in a special day class.

## **SPEECH AND LANGUAGE SPECIALIST**

A speech and language specialist is available to work with eligible students on a regular basis. He/she works with children in need of specialized, remedial, and developmental instruction in various areas of speech and language. He/she also serves in an advisory capacity in language development.

## **SPELLING BEE**

A Spelling Bee will be held each year at the school and district level. A written spelling test will be given in grades 4 through 8 and the top spellers in each class will compete in an oral/written spelling bee at the site level. School Spelling Bee winners will advance to the district level and district winners will advance to the county spelling competition sponsored by the Fresno County Office of Education.

## **SPORTS**

All students who participate in sports are subject to athletic eligibility requirements. See Athletic Eligibility for information.

**Students will be released ONLY to the parent(s), legal guardian,  
or persons listed on the student emergency contact information.  
All schools will comply with court orders as they pertain to custody and visitations.**

**STUDENT INSURANCE**

A family’s own insurance must act as the primary provider for all injuries. If your child is injured at school and that injury requires medical attention, please contact the school for insurance information. At the

beginning of the school year parents will be given an opportunity to purchase an additional accident insurance policy. However, no student shall be compelled to accept such service without his/her consent, or without the consent of his/her parent or guardian. (E.C.49472)

## **STUDENT PERSONAL ITEMS**

Student's personal electronic devices, phones, iPads, headphones, sports equipment, etc. that are brought to school may easily be damaged, lost, or stolen. Neither the school nor the district is responsible for lost, stolen or damaged items.

Each teacher whose instruction uses live or dead animals must notify students of their right to refrain from such activity. (E.C. 32255)

### **SUICIDE PREVENTION**

Student suicide rates are of concern to all members of the school community. One child, ages 12 and older, dies by suicide every five days in California. Local Districts were required by California law to provide suicide prevention education, according to age-appropriate and sensitive local policies, for grades 7 to 12. Legislators have determined that training in mental health and coordination around improved services is extended to our elementary students. A shared goal by all staff educators is to keep a safe place to learn, free from harm to any of our students.

### **TARDIES AND EARLY DEPARTURES**

Like absences, coming late to school is disruptive to your child's education. Additionally, other children in the classroom lose time because, when a child comes in late, the lesson in progress is interrupted while the late student settles in and gets caught up. Please have your child arrive at school on time. Persistent tardiness will be referred to the district SARB. In grades 9-12, students who are tardy to class are subject to disciplinary action or loss of privilege.

Excessive early departures from school can hinder your child's education. Doctor and dentist appointments should be scheduled after 3:00 PM or during vacations. Anytime a child checks out of school early, a parent or authorized adult must sign the child out of school. Authorized adults **MUST** be listed on the child's emergency information form.

## **VANDALISM**

Parents are responsible for the full extent of all damage at school caused by their child. This includes the cost of labor, as well as materials. In the event such vandalism occurs, the Washington Unified School District will appraise the damage and the cost of repairs, and the bill will be sent to the parent(s) or legal guardians of the responsible child or children.

## **VISION SCREENING**

Initial vision screening will be conducted for students in grades 1, 3, 5, 8 and other students who have been referred. A nurse will provide screening to determine any vision difficulties. Students needing further evaluation will be referred to an eye care specialist.

## **WELLNESS POLICY**

Good health fosters student performance, attendance, and education. By supporting healthy eating and physical activity, we will promote and protect children's health, well-being, and ability to learn. It has been researched and documented that obesity and other illnesses are directly linked to unhealthy eating habits and physical inactivity patterns that are often established in childhood. The Washington Unified School District can be a positive influence on students by offering the healthiest foods, beverages, and physical activity opportunities possible and by providing other health-supporting programs and opportunities.

### **WILLIAMS SITE VISITATION**

As the result of the Williams vs. California lawsuit, some program improvement schools may be required to receive a site inspection from the Fresno County Office of Education. A Williams review team will certify that the school provides students with equal access to instructional materials, is safe and decent, has acceptable and safe facilities, as well as qualified teachers. The review team's findings of any Washington Unified School District school receiving a visit are presented to the Washington Unified Board each year.
