The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Easton Continuation High School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Easton Continuation High School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The Schoolwide Program offers proper placement for students that do not attend our District's Traditional High School. The Easton High School option is in place for students that are credit deficient or have behavior and/or attendance challenges.

Educational Partner Involvement

How, when, and with whom did Easton Continuation High School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Site Admin attends District meetings, collects surveys, and meets with unified school leaders. Parents are part of an Orientation Meeting for every students that attends an Alt Ed site. Feedback from these meetings have been included in the SPSA and evaluation.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Suspensions vary depending on student population year to year.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Limited Data due to number of students enrolled

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Easton Continuation High School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Conclusions based on this data:

1. Students for the most part stay in the Alternative Education Program once they enter
2. Student enrollment changes as students are referred by Traditional Site throughout the year
3. Student enrollment changes as students meet graduation requirements and exit with a diploma throughout the year.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/eng/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

The 2025 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.
